DESCRIPTION

With the certificate Europe Bonus&Safety 22 investors can obtain a bonus yield of 35% (based on the issue price) at the end of the term (March 2028) if the price of the EURO STOXX 50® index never declines by 51% or more of its starting value during the observation period. Due to the cap this represents the maximum amount.

If the underlying touches or undercuts the barrier of 49% of the starting value, redemption will be effected according to the performance of the underlying (percent index performance from the starting value to the closing price at the final valuation date). Even if the bonus mechanism is suspended, investors can generate a maximum yield of 35% over five years term.

Details on the **EURO STOXX 50® index** as well as the current list of index members can be found on the website of the index provider STOXX Ltd.
