Product currency	EUR
Underlying currency	EUR
Settlement method	Cash settlement
Type of exercise	American
Taxation	Capital Gains Tax / no Foreign Capital Gains Tax

#### DESCRIPTION

Call warrants enable investors to participate with a leverage effect in rising underlying prices. In addition to the performance of the underlying, the volatility of the underlying has substantial influence on the pricing of the warrant.

Warrants provide for above average profit opportunities but bear as well an increased risk to incur a total loss. Thus is particularly important that the investor continuously observes the position.
